

SPECIFICATION AMENDMENTS

Please amend specification paragraphs 0006 and 0018 as follows.

[0006] Further advantageous features of preferred embodiments of the invention are described below and ~~the~~ in the claims.

[0018] In a motor vehicle, a so-called molded, usually one-piece ceiling element 1 is inserted which, on the interior side, that is, in the interior of the motor vehicle, is covered by a ceiling covering 2, for example, made of imitation leather, such as ~~Alcantara (R)~~ ALCANTARA®, or of leather. In the case of a vehicle with a sliding roof, a cutout 3, which forms the sliding roof opening, is, in each case, provided in the roof of the vehicle body as well as in the inserted ceiling element 1.
